

# Bringing CONNECTIONS WEEK BUNBURY Home

THURSDAY 25/3 | 10-12 NOON | @ MAKER+CO  
PLEASE RSVP BY 23/3 @ EVENTBRITE

Connections Week Bunbury is a time to focus on the needs of people experiencing homelessness and rough sleeping in our local community.

It is, however, just the start.

We've collected data. We've filled out surveys. We've listened to stories.

Now, it's time to come together as support organisations and stakeholders from the Greater Bunbury Region to be part of a collaborative response to address the very real needs identified in our community.

Through Connections Week and the By Names List, we now have access to a real time picture of how services are working in our local community. Together, we can understand how we can improve services to reduce rough sleeping and homelessness.
